Tankless Sizing Guide

Your guide to selecting Paloma Tankless Water Heaters.

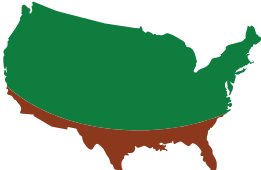

Welcome to the new world of Paloma Tankless energy-efficient water heating. Answer some simple questions to help match the model that is right for your peak hot water usage and lifestyle.

Question

Answer

1. How many bathrooms do you have in your house?

2. Where do you live?

Northern Climate
40 degree F inlet water

South Coastal Region
60 degree F inlet water

3. Would you like to be able to take simultaneous showers?

4. If you answered yes, how many?

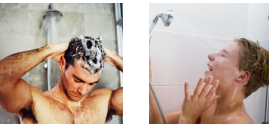

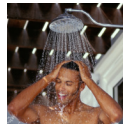

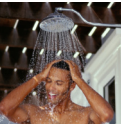

5. Do you have a multi-head shower system?

6. Do you have a whirlpool bath?

7. Besides your shower, are there any other hot water applications
you would like to run simultaneously?

Once you’ve answered the questions, take your answer from Question 1 and with your contractor, match it to one or more Paloma Tankless solutions as your starting point. You can make your final selection using questions 2 thru 7.
